Research Associate

We are looking for a Research Associate to work with us at IIIT Bangalore on a study to understand multi-party privacy in digital credit in India. The study will be carried out February 2023 and June 2024 and is funded by the Centre for Effective Global Action, University of California Berkeley. The study will be conducted by Janaki Srinivasan, V.Sridhar and T.K. Srikanth at IIIT Bangalore, and in collaboration with Consumer Unity and Trust Society (CUTS), Jaipur

The Research Associate position will initially be for 4 months (Feb-May 2023) and may be extended depending on performance. This position requires

- A demonstrated interest in either privacy, digital credit, or the uptake of digital technologies by heterogenous sections of a population
- Experience conducting thematic literature review drawing on multiple disciplines (anthropology, sociology, psychology and Science Technology & Society (STS), for instance)
- Experience with designing and conducting observation, surveys and/interviews
